- Summer Meetings – Second Saturday of the summer Months at 1:30pm
- Club Picnic – August 8, 2009 - 11:30am at Krull field

Club President Summer Review

So, 2009 has not started off in the best of circumstances. My thoughts and prayers are with all the members who have first hand experience with these hard economic times. If the club can help in any way, please do not hesitate to e-mail or contact one of the officers. We will come through these times more resolved and wiser then before.

In the mean time, we will try to still have a positive impact for our membership and the community. If there are any ideas or plans that you would like to share, please contact me and we will see what can be done.

If anyone is interested in becoming a officer of the club, please let me know and we will find a position for you. We are always looking for anyone who would be willing to help out in any capacity.

We, or I should I say I, have been very busy with other affairs and have not had a meeting yet this year. I would like to have one on April. If you are available next Tuesday (4/14), please stop by the restaurant "Time Out" by the Olcott harbor. I will have a presentation on a AMA promoted membership drive and other information I have received from vendors. We will have a drawing for a 1 gallon bottle of glow fuel for some lucky member who attends the meeting.

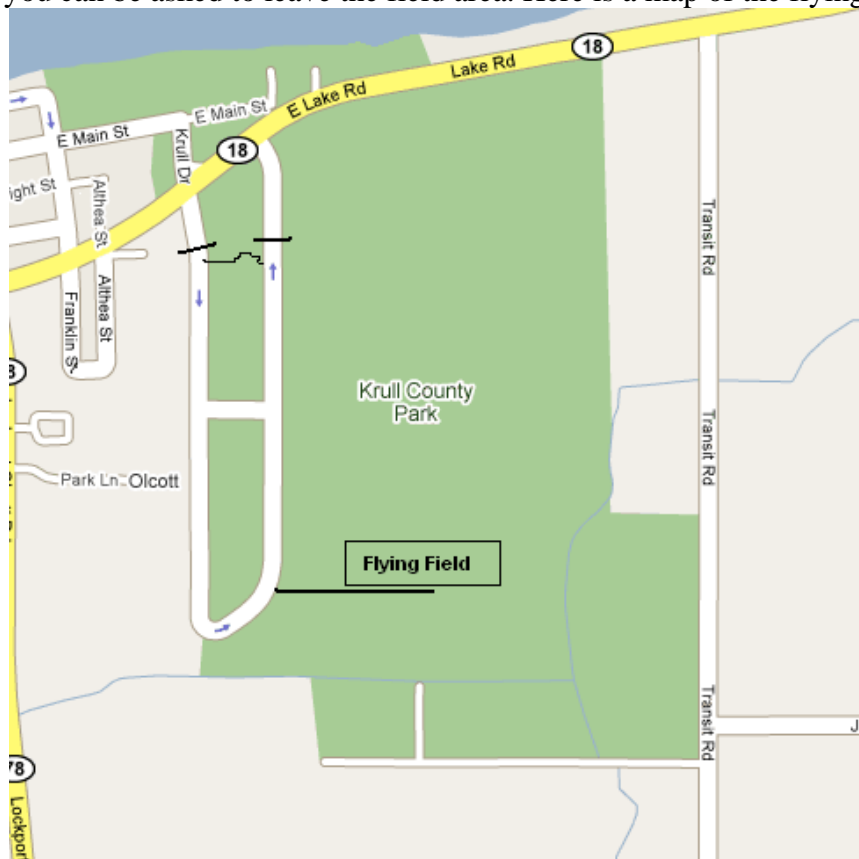

Well, I think I have rambled on for long enough. Please, enjoy your families and friends this summer. If you can stop out to one of the Club's activities, it would be much appreciated. We will try to do a training night, It may be up at the Day road field but I will let you know in the next installment of the newsletter and at the Club meeting.

Respectfully Submitted,

Ross Niver – Club President (tomcatrg@roadrunner.com)

Krull Park Flying

Please remember that off season flying at Krull Park field can be done up front by the gates at the South end of the ball diamonds. However, we have a new agreement with the Parks Department so that our membership **ONLY** can go back to the normal flying area. Please make sure you have your current membership card with you. If you do not, you can be asked to leave the field area. Here is a map of the flying field.

If you need your membership card updated, please e-mail “tomcatrg@roadrunner.com”

Winter flying over at the Wilson field is permitted and you should follow the field rules and restrictions.

Happy and Safe Building and Flying this Winter!!!
